

Clarification regarding Section 6.4.B (Page 15 of RFP 07-65J)

The Attachment A referenced in Section 6.4.B., page 15 of 07-65J contemplates an engagement letter which may outline any terms of engagement not inconsistent with the professional services contract and which sets forth the names and rates of partners, associates and staff which will be performing services under the contract. There is no particular need for this attachment in the response in as much as rates for services are called for in Section 2-2 Paragraphs E. and G.
