

UCGE
September 8, 2011
3:30 p.m., Commons Aurora Room
Minutes

Members Present: Diane Prorak, Levan Elbakidze, Delphine Keim Campbell, Patrick Wilson, Beth Price, Mikaela Marlow, Edwin Odom, Sharon Stoll. (w/o vote Aiken and Tibbals)

Members Absent: Jason Porter, Rodney McConnell, Joe Cloud

Chair Sharon Stoll called the meeting to order and indicated that meetings would begin promptly and end at the indicated time. She welcomed the members to the committee and distributed the current iteration of the FSH outlining committee charge. It is clear that the FSH is out-of-date and Stoll will address with issue with appropriate Faculty Senate personnel.

Stoll led the committee in a discussion of the proposal for General Education that was a topic of considerable conversation during Academic Year 2010-2011. Charles Tibbals and Kathy Aiken will search for documents related to last year's discussions and meetings. At issue are the 14 credit requirement, the Great Issues Seminar, the Capstone Requirement, and the Diversity Requirement.

Aiken will contact the academic deans. She will seek a renewal of their commitment to the Great Issues Seminar.

Committee members agreed to review the proposal that was submitted to UCC last year and to suggest any modifications with an eye towards bringing the proposal forward again. Committee members will receive this information in electronic format.

The meeting was adjourned at 4:25.
