Graduate School Dean (as applicable)      Date

\_\_\_\_\_  
Chief Fiscal Officer (Institution)          Date

\_\_\_\_\_  
Chief Academic Officer (Institution)      Date

\_\_\_\_\_  
President    Date

\_\_\_\_\_  
State Administrator, SDPTE                      Date

\_\_\_\_\_  
SBOE/OSBE Approval                              Date

**Before completing this form, refer to the "Board Policy Section III.G. Program Approval and Discontinuance.**

1. Briefly describe the nature of the request e.g., is this a new program (degree, program, or certificate) or program component (e.g., new, discontinued, modified, addition to an existing program or option). **This request is to consolidate two graduate programs, Business Education (M.Ed.) and Professional-Technical Education (M.S., M.Ed., Ed.S.P.-T.Ed.) into one graduate program named Professional-Technical and Technology Education (M.S., M.Ed., Ed.S.P.-T.Ed.).**
2. Briefly describe how the institution will ensure the quality of the program (e.g., accreditation, professional societies, licensing boards, etc.). **The proposed consolidation will increase the quality of the program by making more efficient use of existing resources while still allowing for certification of students in business and marketing education as well as in professional-technical education. Specifically, it will: (a) reduce the number of courses offered, (b) increase the number of courses that students from different service areas (e.g., business education, professional-technical education, technology education) have in common, and (c) still allow for state certification in respective program areas.**
3. Duplication--Is this request unique to the system? If not, briefly describe the rationale for the duplication. **Yes, this request is unique to the system.**
4. Succinct statement of need for program or program modification. Include student and state need, demand, and employment potential. Attach a Scope and Sequence, DPTE Form Attachment B, for professional-technical education requests. **(Use additional sheets if necessary.). The Division of Adult, Counselor, and Technology Education works closely with the State Division of Professional-Technical Education to meet the needs and interests of existing and future Professional-Technical Educators statewide with the exception of the southeast corner of the state where Idaho State University works with that population. This request will contribute to meeting the needs/interests of this population more efficiently and effectively. Members of the Division of Adult, Counselor, and Technology Education have worked closely with the State Division of Professional-Technical Education so that the proposed revisions meet certification and recently approved standards.**
5. Describe how this request is consistent with the State Board of Education's policy or role and mission of the institution. (i.e., centrality). **The University of Idaho is a Landgrant University with a rich history of preparing professional-technical educators. While the University of Idaho is the only university in the state of Idaho that does not provide professional-technical education, it is one of two universities that prepares professional-technical educators and does so across the majority of the state.**
6. Resources--Faculty/Staff/Space Needs/Capital Outlay. (Use additional sheets if necessary.): **None Required**
