

2006 PBAC Mission and Goals

Mission:

To ensure a long-term, quality water supply for the Palouse Basin region.

Goals:

- Develop and Implement a balanced basin wide Water Supply and Use Program by 2020.
 - Create an action plan for aquifer system enhancement and alternate water supply development by 2010.
 - Direct research and implement pilot projects necessary to understand the basin hydrogeology in a manner sufficient to support the Water Supply and Use Program and the affiliated supply projects.
- Update the Palouse Basin Groundwater Management Plan to reflect the Water Supply and Use Program.
- Encourage and facilitate entities in meeting their specific pumping, conservation, efficient use, water recycling and other goals.
- Educate entities and the public on the state of the basin water supply and options for carrying out PBAC's mission and goals.
- Maintain harmonious and effective working relationships across the state line to fairly meet the needs of all entities.
- Revisit the goals and mission statement annually to ensure that they are current and reflect the goals of the group.
